

2010 OHIO STATE PEPSI USBC YOUTH CHAMPIONSHIPS

Dear Center Coordinator:

Welcome to the 2010 Ohio State Pepsi USBC Youth Championships Tournament.

Enclosed you will find the Ohio State Packet for this tournament. This packet has information that you will need to run the league level qualifier. The League Level Handbook is now located on-line at <http://bowl.com/youth/index.jsp> **Please read both carefully.** If you have any questions, please contact your **District Director** and he/she will answer your questions.

This is the ONLY MAILING you will receive, so please make copies as needed. Please remember to make a copy of all the paperwork and entry forms that you will be sending to your District Director for your records. **We are asking that you submit your 1st qualifying window paperwork as soon as you complete the window rather than holding it until both windows are completed. This will help level the paperwork for your District Director and make it easier to timely send confirmations to the bowlers.**

Just a few things to remember:

1. Do not move your 11 and under bowlers from the league they bowl in if they bowl with 12 and above bowlers. The same for the 12 and above bowlers that may be bowling in a league with 11 and under bowlers. Keep bowlers in their own league. They qualify in their respective age division within the league they bowl in.
2. If a bowler does not bowl in the league during either of the two (2) week windows, he/she is not counted when determining the advancement number from that category in that league.
3. **Please ensure that the bowler's ID number is included on all forms where required.**

The following is included in the State Packet:

- Please read the enclosed bulletin on back. Do not lose this bulletin.
- Ratio chart for advancement from league level to district level.
- District tournament rules and individual entry forms.
- Listing of the deadline dates for your use. Please remember that **deadlines are deadlines.**
- Listing of the counties in your district. The center, dates and times your district qualifier will be held.

Best of luck with your league level qualifiers. Please contact your **District Director** if you have a question on any of the enclosed information.

Loretta A. Beavers
